

MOHAMED FIRAS ADIL

PROFESSIONAL SUMMARY Motivated computer science engineer with a zeal for learning, exploring, and creating. Proven leadership and teamwork skills, with a result-oriented mindset and the ability to deliver rapidly. <i>Valid UAE Golden Visa and Driving License.</i> Languages: English, Urdu, Hindi	CONTACT DETAILS Phone: +971 54 410 6781 Email: mohamedfirasadil@gmail.com LinkedIn: linkedin.com/in/mohamed-firas Project Portfolio: firasadil.com
SKILLS Programming, Web Development, Database Management, Generative & Agentic AI Systems, Automation, Cybersecurity, DevOps, Graphic Design, Video Production, Leadership, Teamwork, Problem Solving, Creative Thinking, Time Management	EDUCATION The University of Edinburgh, Scotland 2026-Present <i>Master of Science Computer Science</i> Birla Institute of Technology & Science (BITS) Pilani, Dubai Campus, UAE 2021-2025 <i>Bachelor Of Engineering Computer Science</i> Our Own English High School (GEMS Education) CBSE, High School Diploma 2007-2021
TECHNICAL SKILLS Python (Django, Flask, FastAPI etc), Java, C, HTML, CSS, JavaScript, React, Next.js, SQL, Flutter, Git, Linux, Azure, AWS, MS Office Suite, Power BI, Alteryx, Adobe CC, Raspberry PI	
EXPERIENCE	
Siemens Energy, Dubai, UAE <i>Software & AI Developer - EHS, Quality & Security Department</i> Nov '24-July '26 - Owned the full software development lifecycle for multiple internal enterprise applications and dashboards to simplify and automate processes across the Middle East, resulting in 1000+ work hours saved monthly across departments. - Developed secure and reliable Generative AI applications, workflows and systems integrated with various disconnected enterprise data sources, enabling smart knowledge retrieval and data analysis for 1800+ active users globally.	
Trajectories Business Solutions, Maharashtra, India <i>AI and Web Development Intern</i> Jun '23-Mar '24 Transformed traditional MCQ-based conversation training assessments into rule-driven interactive chat based assessments, resulting in heightened user engagement and improved training effectiveness.	
Veehive, Dubai, UAE <i>AI Intern, Software Developer</i> Jan-Feb '24 Developed CBee.AI: A suite of Generative AI tools for digital marketers with features such as Text to Video, URL To Video, Google Drive video suggestions, video customisations, AI Avatars and more, pioneering the field of automated portrait style social media video generation. Jun-Aug '23	
Prime FM, Dubai, UAE <i>Full-stack Web Developer</i> July-Sep '22 - Developed standalone web modules for solar panel and building maintenance, utilized across 200+ villas and 4 buildings under maintenance contracts from DEWA and other companies, using HTML, CSS, JS, Flask and MySQL. - Built a web module for managing cleaning staff over 75+ locations, for daily use within a Dubai Municipality project.	
AWARDS & ACHIEVEMENTS [see all]	
Passion For Energy Award by <i>Siemens Energy</i> – Ranked top three globally for developing a Generative AI application that delivered significant time and cost savings through process simplification. Elevating AI by <i>Siemens Energy Midde East EHS, Quality & Security Department</i> – Received the Elevating AI award for building impactful AI-driven applications Emirates Robotics Competition by <i>RIT Dubai, Dubai Future Labs, Khalifa University</i> – Won Second Place for building an Autonomous Vehicle and Autonomous USV demonstrating skills in Robotics and AI. Exploit3rs University CTF by <i>HCT Sharjah</i> – Won First Place at a 6-hour CTF demonstrating top skills across Web Exploitation, Forensics, Network Security, Cryptography and OSINT. Curtin Dubai Hackathon by <i>Curtin University Dubai</i> – Won Second Place in 2021 and Third Place in 2023, 2020 for developing GUI applications and winning coding challenges.	
RTA Transport Hackathon by <i>RTA Dubai</i> – Won First Place by developing an innovative solution to promote e-scooter safety. 2nd Annual STEM Programming Competition by <i>Abu Dhabi University</i> – Won First Place by solving the given problems in the time limit using Python and C. Emirati Sign Language (ESL) Global Summit by <i>Microsoft Tech Club (CINS 2023)</i> – Won First Place for building a first of its kind, Arabic to Emirati Sign Language Translator. 11th Undergraduate Research and Innovation Competition by <i>Abu Dhabi University</i> – Won Third place for research in Arabic to Emirati Sign Language Translator with Generative AI. Applied for and received an Intellectual Work Right (IPR) for the same. ADU Datathon by <i>GDSC Abu Dhabi University</i> – Won First Place for building a model that could most accurately predict the time to treatment for patients with breast cancer.	
EXTRACURRICULAR ACTIVITIES Member, IEEE, ACM GitHub Campus Expert, GitHub Chair, Association for Computing Machinery (ACM), Student Chapter Senior Designer, Editorial Board, BITS Pilani, Dubai Campus President & Founder, The Film Club, Our Own English High School	COURSES & CERTIFICATIONS ISO 42001:2023 AI Management System Lead Implementer (<i>TÜV SÜD</i>) Workshop on Cybersecurity by FAB UAE (2022) Postman Student Expert (2021) Harvard CS50x (2020) Inspirit AI Scholars (2019)
